

AT-A-GLANCE

Audio, Video, Signal Management and Infrastructure Technologies

Empowering Connections

FLOOR BOXES

Bringing Elegant Cable Access To Your Infrastructure.

A unique variety of boxes to handle stage, raised access, poured concrete or retro-fit flooring applications. FSR matches the décor of your installation with solid construction, beautiful carpet rims, flanges, and available accessories.

Our Fire-Resistant floor solutions expand the versatility of our floor box line by providing enhanced, fire-resistant versions of our existing products. Our FRK kits are UL listed and comply with UL 263 Fire Resistance Ratings.

SMART-WAY RACEWAY

The Intelligent Choice

The Smart-Way Raceway System is the intelligent choice for wire management.

It installs on top of or in any flooring and provides a quick, easy, affordable and attractive installation.

When access to your walls is an issue, the Smart-Way wall raceway allows you to route from the ceiling to the floor raceway.

The Smart-Way Raceway gets cables where they're needed. The raceway is perfect for collaborative environments or classrooms.

The raceway compartments provide ample space for power, communications and A/V connectivity.

The Smart-Way is only 0.6" high, ADA compliant, available in slate gray or aluminum finishes and is sold in 6' sections.

HUDDLEVU KITS

From a single computer, to a full classroom or multi-media boardroom, HuddleVU Kits will distribute and process with cost-effective quality.

FSR takes the work out of designing collaboration systems. Now with the prepackaged systems integrators can choose the appropriate kit to fit their customers needs. The kits range from two to four users and include a CT6 table box, a switcher and all the necessary cables. Each kit can be upgraded with optional cable retractors or with FSR's HuddleVU Air wireless presentation switcher.

CEILING BOXES

Now you can remove the unsightly equipment boxes hanging off projector poles and mount them in this architecturally-designed ceiling enclosure. Many styles, various price ranges, and "Smart and Green" modules make these boxes perfect for classrooms, boardrooms, meeting rooms and public spaces. These are your equipment racks for ceilings and walls.

CABLE MANAGEMENT SOLUTIONS

Under-Table Channel

The Under-Table Channel provides a solution for dressing cables horizontally along the table underside. Its unique shape and rubber like edge allows cables to enter and exit the channel at any point along its length.

Under-Table Rack

Under-table Rack shelving mounts multiple pieces of AV, Digital, or Data equipment to the underside of tables with easy access.

BLOCK & SLIDE

The Block and Slide provide a simple, economical and elegant way to route cabling from the underside of the work surface to the floor. Both models feature easy installation and add an aesthetically appealing appearance under any workspace.

CHARGING STATIONS

Wireless Charger

The TC-WC1 fuses a refined minimalism with wireless charging technology. It is easy to install, giving you charging capabilities at your fingertips. The wireless charger is available in black or white with an aluminum bezel.

SYMPHONY Pedestal

This floor standing unit gives you AC power, USB charging, snap-ins, cable pass-through and any other type of connectivity that you may require. Perfect for under a desk or waiting area applications. Available in black or white.
